DARE TO BALE WITH ULTIMATE STRENGTH.

KNOT-TEC THE EVOLUTION OF BALER TWINE

› UNIQUE KNOTTER FRIENDLY TWINE

› EXCLUSIVE TECHNOLOGY

› REDUCED KNOT SLIPPAGE

› HIGH VISIBILITY

› THE ULTIMATE TWINE FOR HD BALERS

› LIMITED PRODUCTION

THINNER STRONGER SMOTHER LESS ABRASIVE

MAXXCORD - the world's most advanced baler twine for high density balers is the result of a large set of field trials with the latest generation of high density balers, and the joint development with one of the world's largest producers of biomass. Together with CordexAgri Knot-TEC™ technology, **MAXXCORD®** has the perfect formula combination of knotter preservation, superior resistance, length and high visibility. In addition, you do not have to worry about sizes, that single weight bobbin fits them all.

REFERENCE	WEIGHT	SPOOLS PER PACK	PACKS PER PALLET	COLOR
MAXXCORD 108	21,2KG	2		Pink
	12,5KG	1		Pink

MAXXCORD VS. OTHERS
